

CHAMPIONING PRIVATE PHYSIOTHERAPY

PAY AS YOU GO (PAYG) T&C'S

On 2 October 2019 Physio First launched our Pay as You Go (PAYG) subscription, this membership option:

Won't lock you into any contract of any length – you pay monthly, for a month-by-month membership. No hidden clauses, no strings.

Is cost effective – at £22 a month, it supports you with your monthly budgeting.

Is completely unrestricted – the monthly membership is no different in any way to an annual membership; you have access to all the benefits for each month for which you pay.

It's that simple. £22 a month. Full Membership. No Contract.

Everything you need to become a thriving provider of demonstrable quality private physiotherapy within a strong, influential and trusted community.

The initial payment is made by credit/debit card, with all future payments payable by Standing Order or Direct Debit.

By becoming a PAYG member you are agreeing to set up a Direct Debit through this link or a Standing Order through your own bank for all future monthly payments that you would like to retain membership for. This Direct Debit or Standing Order can be cancelled at any time by you, should you no longer need Physio First membership.
